

Sandra Ngawati
2019

I am a Reading Recovery and Learning Support teacher working in the Cherry Room which is beside Room 4. It is wonderful to see children who practise reading and who make progress.

My husband and I have lived in South Auckland all our lives and have raised 3 glorious children who are now a doctor, laboratory technician and a nurse. We now also have two playful grandchildren and a dog.

I enjoy spending some time in the garden, kitchen and the gym and I read every night before I go to sleep. I love getting together with my family.
