

# FAIRBURN SCHOOL

Pukeora Road, Otahuhu, Auckland

Dear parents and whanau,

We appreciate you keeping your children at home for the rest of this week unless you are an essential services worker who cannot be at home during alert level 3.

Thankfully, this time around we are well prepared in knowing what each alert level means and our teachers are able to provide support for children to continue learning at home. From tomorrow learning will be available on Google Classrooms or Seesaw with a focus on easy to do activities that families can do together. If you have any questions about this, please contact your child's teacher directly.

We will wait to see if school can resume again on Monday, but if alert level 3 continues into next week, teachers will work with those of you who require paper based material for learning at home and we will arrange for contactless pick up of these resources from outside the school gate.

We will be in touch once we know more, but in the meantime stay safe and enjoy the extra time with your children.

Kind Regards

**Paula Passfield**  
Principal
