

FAIRBURN SCHOOL

Pukeora Road, Otahuhu, Auckland

15th August 2020

Dear parents and whanau,

ALERT LEVEL 3

Thank you for your ongoing support as we once again find ourselves in Alert Level 3 for at least another 12 days. **Fairburn School is closed for instruction.** Only children of essential workers may attend during this time and registration for attendance is **compulsory**. If you are an essential worker and you need care for your children during Alert Level 3 you need to email laurah@fairburn.school.nz before Sunday at 3pm so we can make the necessary arrangements.

Any children not attending school will continue their distance learning programme online. Information about learning at home will be sent to you on a regular basis from the classroom

teachers. Please remember it is up to you how much of this your child does and do what is best for your family's circumstances, it is important that you stay positive and keep having fun as a family.

Classroom teachers have identified families that need digital or paper resources to help with learning at home. We will be distributing these resources from the Pukeora gate from Monday following safe protocols and will let families know directly when they can collect learning packs or devices.

We understand that this has been a challenging year affecting families in different ways and that returning to Alert Level 3 may have a further impact. Please know we are here to support you and your children. Don't hesitate to reach out to us if you require help.

Keep well and keep safe

Paula Passfield
Principal

Kia kotahi te hoe o te waka kia whaia te matauranga. Towards knowledge and excellence we paddle as one.
