

HOME LEARNING CHOICE BOARD #3

Pick two activities for you to do each day.

Parents/Whanau please help your tamariki complete these tasks.

<p>Baking</p> <p>Find a recipe that you don't need an oven for. You could make lolly slices or cereal muesli bars. Yum!</p>	<p>Writing.</p> <p>Go outside your house. Use your senses to describe where you are. What do you see, smell, hear, feel and maybe even taste.</p>	<p>Drawing</p> <p>Draw a map of your house from a bird's eye view.</p>
<p>Photography</p> <p>Check out your garden and see if you can get a picture of any creepy crawlies or other animals you may find.</p>	<p>Shopping</p> <p>Make your dream food shopping list. What items would you buy if you had unlimited money at the supermarket?</p>	<p>Memory</p> <p>Collect items in your house. Put them on the table and look at them for 1 minute. Cover up the items and try to remember as many of them as you can.</p>
<p>Create</p> <p>Create your own imaginary animal. What does it look like? Where does it live? Is it friendly?</p>	<p>Collect</p> <p>Items in your house to create a colourful rainbow. You will need something red, orange, yellow, green, blue, purple.</p>	<p>Design</p> <p>Create a new t-shirt design.</p>
<p>Writing</p> <p>Write a letter to someone you miss. It could be a family member, friend or teacher.</p>	<p>Imagination</p> <p>Imagine you can have any super power. Why would you want this power? What would you do with this power?</p>	<p>Video</p> <p>Create a tutorial video of how to do something you are good at. It could be handstands, how to draw a picture or how to make a sandwich.</p>

If you can - take a photo of your work and upload it to Seesaw!
