

# FAIRBURN SCHOOL

Pukeora Road, Otahuhu, Auckland

Tuesday 17<sup>th</sup> August 2021

Dear parents and whanau,

## ALERT LEVEL 4

Following tonight's news from the Government we once again find ourselves in Alert Level 4 for at least 7 days in Auckland.

Due to the health requirements for Level 4 **Fairburn School is closed, staff will not be at school. Parents and children cannot come to school and therefore we are unable to distribute any devices or learning packs at this time.**

All children should have their homework book with spelling, basic facts to learn and extra reading books to work on over this time.

Teachers will update google classrooms and seesaw programmes each day for those who have access to a device. The Fairburn School website also has activities and tasks.

We are aware that due to work commitments and family circumstances supporting learning at home can be difficult or stressful for some families, the best thing you can do is spend time reading with your child or encouraging them to read independently if they are older.

Stay positive and keep having fun as a family and don't forget to have a balance of screen time, free time and physical activity.

Please know we are here to support you and your children, reach out to us if you require help or support for anything through email [info@fairburn.school.nz](mailto:info@fairburn.school.nz), Facebook messenger or through text/call.

Keep well and keep safe
